Marktkauf Löhne

For the MARKTKAUF location of the regional company EDEKA Minden-Hannover in Löhne, the shopfitters from Schweitzer, together with the retail design experts from Interstore, designed and implemented a **new store and graphics concept** – while the shop was open and with a refurbishment time of over 2 years.

The challenge for us was to realize an **exciting and clear customer guidance** system despite the wide range of goods on offer and a sales area of over 96,850 ft². Thanks to our layout concept, it was possible to create varied and colorful accents that provide emotional highlights across the entire store area.
